

# NU-310, NU-311

## Talking Thermometer Switch Plate

NU-310 – Standard White

NU-311 Standard Ivory (Shown Below)

Always know the temperature of the room with just a push of the button as soon as you walk in! Replaces any single standard light switch plate, and installs in just minutes with all hardware included. Speaks the temperature in Fahrenheit.

### Installation:

1. Turn off household power to switch before installing, or turn circuit breaker to OFF
2. Remove old switch plate from wall
3. Install new Talking Switch Plate Thermometer using screws provided.

### Battery Replacement:

1. Flip battery door open gently
2. Remove old batteries
3. Insert new batteries, noting +/- terminals
4. Close battery door
